CAREER OBJECTIVE

Enthusiastic recent graduate, eager to apply my skills in front-end and back-end technologies like Python,MYSQL,HTML, CSS, JavaScript, and React to create dynamic and user-friendly web applications. Passionate about delivering seamless user experiences while continuously expanding my knowledge in modern front-end frameworks and tools. Looking forward to contributing to a collaborative and innovative work environment.

EDUCATION

Government Arts and Science College Perumbakkam, Chennai   **2021 – 2024**
B.Sc.,CS - Computer Science - *67%*   *Chennai, TamilNadu*

Government Higher Secondary School Perungudi, Chennai
HSC – 70%   **2020 – 2021**
SSLC – 62%   **2018 – 2019**

SKILLS

- **Front-end** - HTML, CSS, JavaScript, React Js
- **Back-end** - Python
- **Database** - MYSQL
- **Version Control** - GIT, GITHUB

PROJECTS

Restaurant Website ⬀ / HTML, CSS, Javascript, React-js

- **User Authentication**: Developed secure login and registration pages using React.js, allowing customers to create accounts, log in, and access personalized features, such as order history and account settings.
- **Dynamic Menu Display**: Implemented a dynamic menu page that retrieves and displays restaurant menu items in an organized, easy to-navigate format, with filtering options based on categories (e.g., appetizers, main course, desserts).
- **Order and Payment System**: Integrated a payment page where customers can review their orders and complete the transaction securely, offering a smooth and seamless checkout experience.

Employee Management System ⬀ / Python, Visual Studio Code

- Built an Employee Management System in Python to manage employee details with options to add, update, delete, and save records.
- Implemented data storage using file handling or database to maintain persistence of employee information.
- Designed the system to handle real-time updates with input validation and a simple user interface for better usability.

Internship

PYTHON DEVELOPER - Shiash Info Solutions Pvt.,(Nov 2024 - Apr 2025)

- Contributed to the development of web applications using python.
- Designed and implemented database schema using MySQL.
- Built REST FULL APIs and integrated them with frontend components using HTML/CSS.

CERTIFICATIONS

- I have successfully completed Python, MySQL, HTML, CSS, Javascript and React course at Besant Technologies in Velachery.
- Successfully completed Soft skill training course with Talendata Technologies Pvt Ltd.
